

BHATE & RAJE CONSTRUCTION CO PVT LTD

Policy for Responsible Sourcing of Raw Materials

We at Bhate & Raj Construction Co. Pvt Ltd are committed for responsible sourcing of raw materials procured by us. Our basic raw materials such as cement, steel and construction chemicals and well-known brands with proven technology are selected for procurement of steel, cement and construction chemicals.

As regards, locally manufactured items such as ACC Blocks and manufactured sand. They are procured from well-known local sources with adequate testing of quality.

As regards, natural resources such as water, sand and aggregates. They are tested for quality and then used, if standard practices are met.
